My Northern

In years to come, and **now** dear book
I hope to come to you and look
Into the past, back into my life,
And grateful be for memories rife.
College days, the days of youth,
Faces of friends, your lasting truth
So faithfully keeps for the lonely hour,
When reminiscence is in the flower,
And blue demons strive to slight it;
The lonely hour, with your thots to right it,
Is sure to **be** cheerful-filled with smiles and sighs,
Smiles of reflection from memory's skies,
Sighs, the breath from a heart that is yearning
For one more day to old Northern returning,
And yet is glad, for my one best friend
Is near me still, and will be, till the end.

CANS

Do all the good you can
By all the means you can
In all the ways you can
At all the times you can
To all the people you can
As long as ever you can.

Pep

"Vigor, vitality, vim and punch

That's pep.

The courage to act on a sudden hunch—

That's pep.

The nerve to tackle the hardest thing,

With feet that climb and hands that cling,

And a heart that never forgets to sing—

That's pep.

"Sand and grit in a concrete base—

That's pep.

Friendly smile on an honest face—

That's pep.

The spirit that helps when another's down,

That knows how to scatter the darkest frown,

That loves its neighbor and loves its town—

That's pep.

"To say 'I will,' for you know you can—

That's pep.

To look for the best in every man—

That's pep.

To meet each blundering knockout blow

And come back with a laugh, because you know

You'll get the best of the whole big show—

That's pep."

And so, old comrades of O. N. U.

We'll go out in the world and show what we can do

With pep.

So it's farewell now to the trials and joys

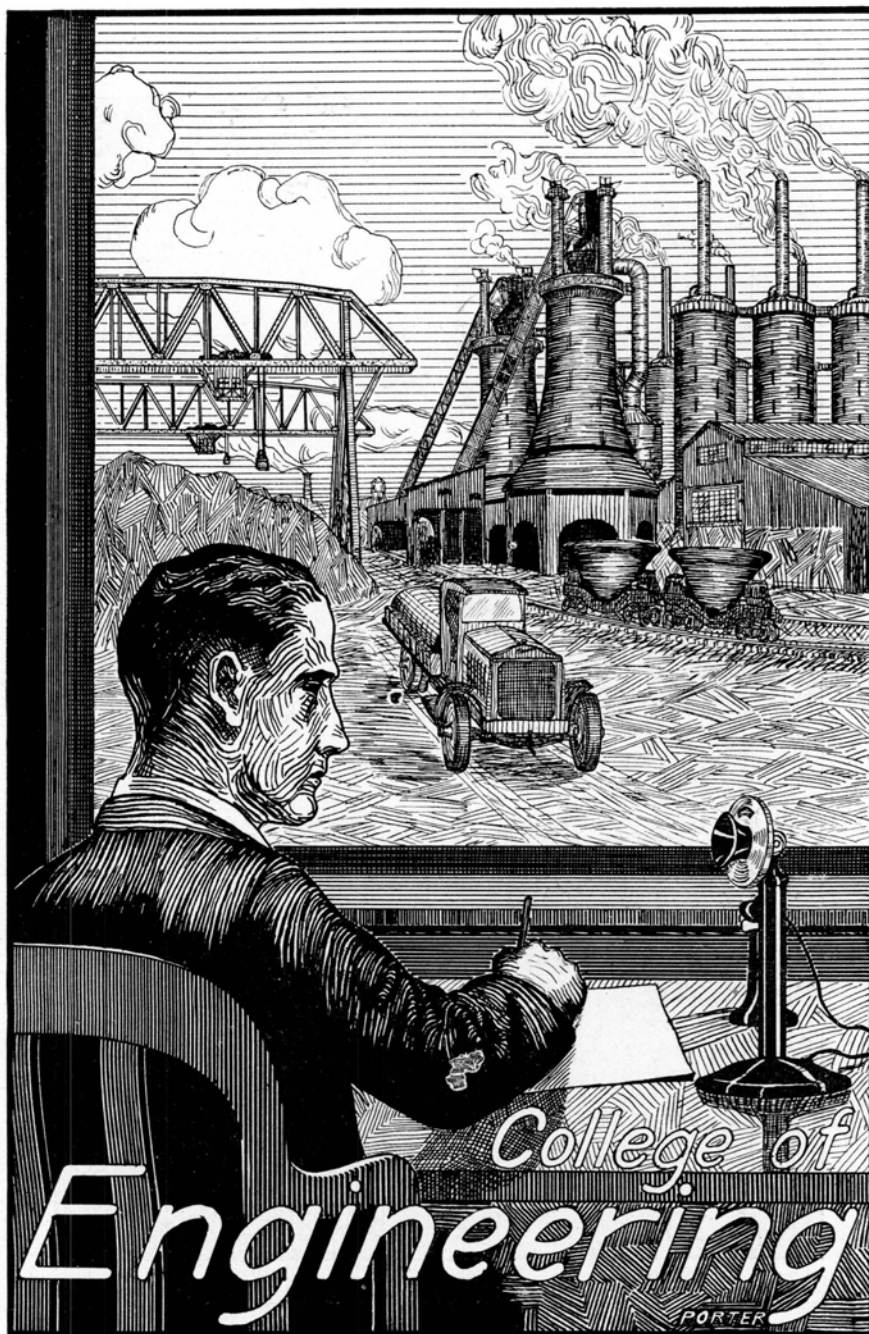

To all the fun with the girls and boys

We must shoulder our burdens and fall into line

But we'll come out a winner every time—

If we have pep.

The Ten Business Commandments

- I. Thou shalt not wait for something to turn up :but Thou shalt pull off thy coat and go *to* work that thou mayst prosper in thine affairs, and make the word "failure" spell "success."
- II. Thou shalt not be content to go about thy business looking like a bum, for thou shouldst know that thine personal appearance is better than a letter of recommendation.
- III. Thou shalt not make excuses; nor shalt thou say to those who chide thee, "I didn't think."
- IV. Thou shalt not wait to be told what thou shalt do: nor in what manner thou shalt do it for thus may thy days be long in the job which fortune hath given thee.
- V. Thou shalt not fail to maintain thine own integrity, nor shalt thou be guilty of anything that will lessen thine own respect for thyself.
- VI. Thou shalt not covet the other fellow's job: nor his salary: nor the position he hath gained by his own hard labor.
- VII. Thou shalt not fail to live within thine income: nor shalt thou contract any debts which thou canst not see thy way clear to pay.
- VIII. Thou shalt not be afraid to blow thy own horn, for he who faileth to blow his own horn at the proper occasion findeth nobody standing ready to blow it for him.
- IX. Thou shalt not hesitate to say "No" when thou meanest "No." Thou shalt not fail to remember that there are times when it is unsafe to find thyself by a hasty judgment.
- X. Thou shalt give every man a square deal. This is the greatest commandment, and there is no other like unto it. Upon this commandment hang all the law and profit of the business world.

"Alone! that worn out word,
So idly spoken, and coldly heard:
Yet all that poets sings, and grief hath known,
Of hopes laid waste, knells in that word Alone."

To the Student of Expression how encouraging are Emerson's words "Doubt not, but persist, Say,

It is in me, and shall out.

Stand there balked and dumb, stuttering and

Stammering, hissed and hooted, stan and strive, until at last rage drawn out of thee that dream power which every night shares thee is thy own. And this is thy reward: that ideal shall be real to thee."

Old Northern

Thou hast sent us forth to labor,
Old Northern.
We have wrought to win thy favor
Year after year.
Steel to weld and stone to shiver,
Sink the mine and span the river.
For thine honor toiling ever,
Old Northern.

When thy- sons are not together
From far and near,
Scarred with service, worn with weather,
Old Northern.
Proud they lay their deeds before thee,
Stronger grown as years pass o'er thee,
Old Northern.

6 3 6 3

When they write our nation's story,
Splendid and clear,
Surely greet shall be thy glory,
Old Northern.
In their works thy sons enshrined thee,
Mighty works to leave behind thee,
Mother land, let these remind thee
Of Old Northern.

Reserve Officers Training Corps

Motto: FOR COUNTRY and COLLEGE.

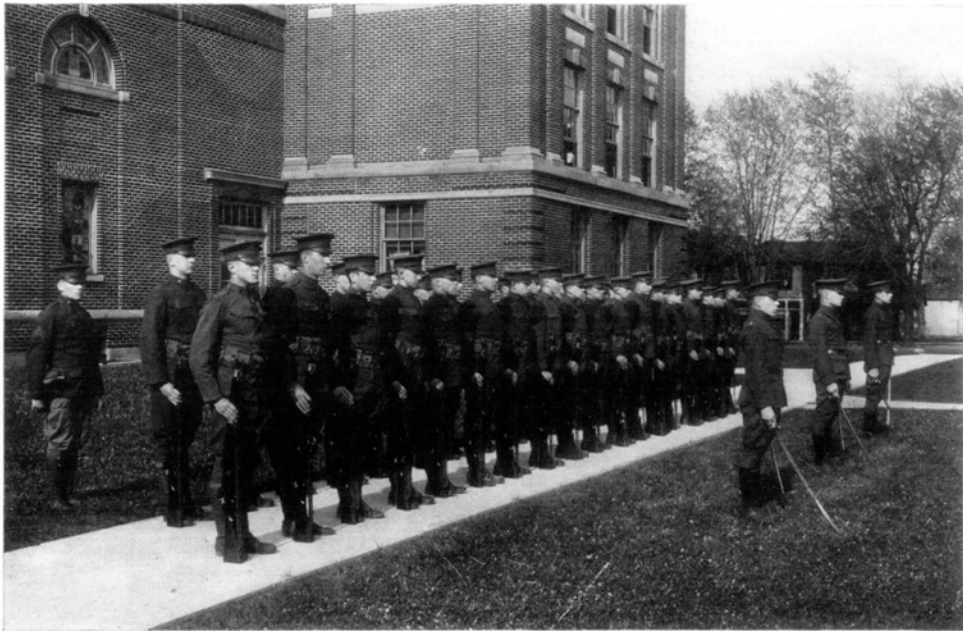

Northern holds the proud distinction of being the first college in Ohio to introduce military training into the curriculum, and has always maintained a premier place in college military circles.

The present military organization is directly under the supervision of the War Department and is known as the Reserve Officers Training Corps. This differs from the prewar institution in that a more expansive and detailed course of instruction is given the same leading to a commission in the Reserve Corps of the Regular Army.

The schedule of instruction is divided into what is known as the 1st and 2nd year basis and the 1st and 2nd year advanced courses. Men completing the first part continue through the second and are paid computation of subsistence by the government. The college work is supplemented by a period of training at a Federal camp. This year Northern will send eight men to Camp Knox, Ky., to pursue a six-weeks' practical course of instruction. The camp life is essentially military but is so arranged that sufficient time is given the students for recreation in the form of games, sports, excursions, and trips to points of nation-wide interest.

Early in January, 1921, Capt. A. E. McIntosh, Cavalry U. S. A., was detailed by the War Department as Professor of Military Science and Tactics. Capt. McIntosh is an overseas man and has had several years of army experience, being a college graduate himself he is thoroughly acquainted with campus life and the student viewpoint. He received his degree of B. S. in Civil Engineering from Rhode Island State. He was also prominent in athletics being captain of the 1915 football team. His two assistants 1st Sergt. Wolff and Sergt. Parker have caught the spirit of Northern and are very well liked by the student body. Howard A. Donithen, student in the College of Law was chosen Cadet-Major on Sept. 16th, 1921. His selection was a popular one with the student body and he has put forth untiring efforts to make the battalion one of the best that Northern has ever had.

The Military Department will occupy a prominent place in the Commencement program, with games, company contests, battalion review and parade. Medals are to be awarded the three highest scorers in gallery practice at that time. Other attractions such as the establishment of the Officers Club, Battalion smokers and Annual R. O. T. C. Banquet and Smoker have improved the morale and spirit of the unit to a high state.

O. N. U. Band

One of the biggest assets to the school this year was the band. With twenty members of last years band back in school, augmented with ten new men, the band didn't lose much time in getting started. Through the efforts of the Director, and the hearty and loyal support of the members of the faculty and the student body, the band was able to accompany the football team on all of the trips. The band's first trip was to Delaware. There, Wesleyan, our sister college, was forced to acknowledge that Northern had the class, pep and the spirit. Although the team was defeated by a close score the band and four hundred loyal students of O. N. U. paraded through the streets of Delaware with unfailing pep. At Springfield, Tiffin and Lima the band brought more honor to our alma mater.

Near the close of the fall term the band gave its annual concert in Lehr. The concert was well attended. Enough money was cleared to keep the band going for the rest of the year. During the basketball season, the band attended all of the games and made the Gym ring with music.

Spring is now here and the band will make the air ring with music galore. The band will give another concert in April to a full house as the band has proven its worth to the school. Everyone is behind the band and success the band rightfully deserves. The band will play at all of the baseball games and will tour to different sections of the State to help put Northern on top.

The band had a wonderful year. It showed the public that it could handle classical selections with the same skill that the popular music was played. The marches that were used were mainly the marches that the Army and Navy bands played during the World War. At Marion when President Harding closed his front porch campaign O. N. U. band showed the bands that were there from the middle States that we had the best class of the lot, for we received the most applause from the vast multitude. The city went wild over us.

Here's hoping that next years band keep the good work up.

DR. GEORGE ANDERSON

Welfare Director

Northern's Welfare Director

Dr. George Anderson, University Welfare Director, was born in England in the year 1856, and received his education at London University and at Nottingham. He came to the United States in 1884, and has served with great success as a Pastor, Lecturer and Social Worker. His travels have been unusually extensive and he has spent many years in work for both American and British soldiers in Gibraltar, Halifax, Egypt and in many other parts of the world. Between the dates of August 4, 1914 and April 26, 1919, his entire time was given to this kind of work.

Dr. Anderson took up his work at Ohio Northern University in the summer of 1919. His boundless enthusiasm, his intense interest in young people and his very human understanding of their problems have been for the good of all, the Foreign students have special reason for appreciation, for Dr. Anderson has been tireless in the organization and promotion of the Universal Club. He has cheered many students when they have been sick or in trouble. Any student who has been ill will never forget the helpful interest and fatherly-like attitude of the Welfare Director. Many will look back with thankfulness for the benefits received from the kindly ministrator of Dr. Anderson as Welfare Director.

The girls of the University have shown great interest in the Young Women's Christian Association during the past year. Many lines of work have been carried through successfully by the different Committees. The Membership Committee was unusually active and reports that ninety-one per cent of the girls are members of the association. The Finance Committee handled seven hundred and eighty-five dollars during the year. This money was earned and disbursed in various ways in carrying forward the work of the Association.

Much of our work has been that of service to others for we, through our gift of one hundred and fifty dollars to the Isabella Thoburn College have helped the women of far away India to enjoy some of the many privileges that we enjoy: through our gift to the Grace Steinbach fund we have helped to provide a Y. W. C. A. Secretary for the girls of China: through the gift to the Relief fund for the suffering people of China we have helped to relieve physical suffering. Then, too, on our own campus we have tried to make the new girls feel at home among us. We have cooperated with the Y. M. C. A. in giving a party or mixer at the beginning of each term to promote a social atmosphere and to give all an opportunity of becoming acquainted with each other: we have sung songs of a cheer to the sick and shut-ins of the town: we have provided good wholesome entertainments with our plays: we have ministered to the inner man with our sandwich sales.

The Devotional Meetings, largely conducted by the student girls have been very helpful and well attended.

D. W. C. A.

Through our delegates we have kept in touch with the work of the Association and especially the student work. Orlea Wahl represented the Northern girls at the National Y. W. C. A. convention held at Cleveland in April, 1920. Mildred Evard and Wilma McGinnis attended the Symmer Conference at Eaglesmere, Pennsylvania. Miss Carrie Wilson attended a State Conference of Advisory and Faculty members at Columbus. These girls received much help and inspiration from these conferences which aided them in carrying on the work of the year.

Miss Frieda Klenk, Student Secretary of the Ohio and West Virginia Field visited Northern twice during the year thus showing her great interest in the work here.

Mrs. Wertheimer conducted a Bible Class during the winter term in connection with the Devotional Meetings. Through her inspiration and interpretation the girls have gained a new knowledge of the Bible.

Although the work of the past year has been commendable we are looking forward to a greater years work under the guidance of the newly elected officers, Mrs. Maurice Lynde, President ; Loretta Wiant, Vice-President Ruth Wilson, Secretary ; Rae Snider, Treasurer.

Plans are already under consideration whereby a great University Circus will be staged in April in which the various organizations of the school will furnish an act. The purpose of this entertainment is to raise money for the Eaglesmere Fund. Since the two delegates received so much help and inspiration from the conference last year, the new cabinet is aiming to send all of the officers to Eaglesmere this year. Practically every college in Ohio, West Virginia, Pennsylvania, Maryland, and Delaware send from one to thirty delegates to this Conference each year. While there the girls spend ten happy days attending Bible classes, committee meetings, and forums. They, also, enjoy hiking over the mountain trails, boating, swimming, picnicing, singing, playing, talking and making plans for the future. Although the girls represent all types of homes and colleges they are one in spirit and friendship while there.

The Y. M. C. A. started the year off, by helping many men to secure rooms and board. Next our headquarters were improved by the men, in painting the walls and hanging new curtains of the windows.

This new work was crowded by a social hour for the men, and a banquet, which was followed by getting plans for the year before the men.

Under the auspices of the Y. M. C. A. and the Y. W. C. A. several rousing mixers were held. These were well attended and were a success to the end of the students getting acquainted with each other.

Devotional meetings were held each week, having been lead by Professors and students. Many benefits were derived from these.

Mr. Rickard, the President, came to the position with many plans for the success of the association, difficulties were met from different angles. He devoted much time and energy to raise the true spirit of the association to the men of the University.

With the aid of President A. E. Smith we are seeing new things for the work next year.

A good corps of officers are on the field to engineer the work. David Nelson, the new president, and a new General Secretary who will be hired by the association, will cause the Y. M. C. A. to measure up to every opportunity.

The Y. M. C. A. has a big place to fill in Ohio Northern and it can successfully fill it with the help of the men in the University.

Men's Glee Club

The Men's Glee Club this year was the best organization of its kind that ever represented the University. It was composed of twenty-six men chosen by competitive tryouts. The club also contained auxiliary organizations which made their program varied enough to satisfy all classes of audiences. Paul Summers and his Hawaiian Troupe and the famous Lawyers University Orchestra were features that never failed to receive extended applause.

The Club gave twenty-four concerts during the season, playing in Lima, Van Wert, Findlay, Kent, Niles, Warren and many other cities in the eastern part of the state. The most extensive trip was a two weeks tour at the Easter vacation. Everywhere the club was given the verdict over preceding concerts by other glee clubs and every community insists on the return of the club another year. The value of this kind of entertainment, playing to thousands of people in remote parts of the state cannot be over estimated as a publicity and advertising medium to the college which it represents.

The Glee Club appeared in Lehr for its Home Concert on March 10. Many week-end trips were made during the year and the entire week of spring vacation was spent on a trip which included Springfield, Xenia, Cedarville and other towns making six engagements in all.

In nearly every town the girls sang at the high schools and at Springfield they were honored by singing to the Wittenberg students. At every concert there was a large and appreciative audience. The splendid entertainment and cordial hospitality extended by the people was indicative of the success of the club. This tour of southern towns accomplished much towards advertising the school.

O. N. U. Pre-Medic Association

This organization fills a unique place in the college life of the students who anticipate the study of medicine and all others who are interested in general sciences in that it affords to its members an opportunity of broadening their viewpoint, and enabling them to carry its influences directly into the fields of their endeavor after the competition of the required courses.

This society was founded October, 1920, through the efforts of Prof. Jas. Brakes, Junior member of the A. S. M. E. Although a new organization, it is considered one of the strongest engineering societies in the University. Its success has been due to the efforts of the officers and the cooperation of the members.

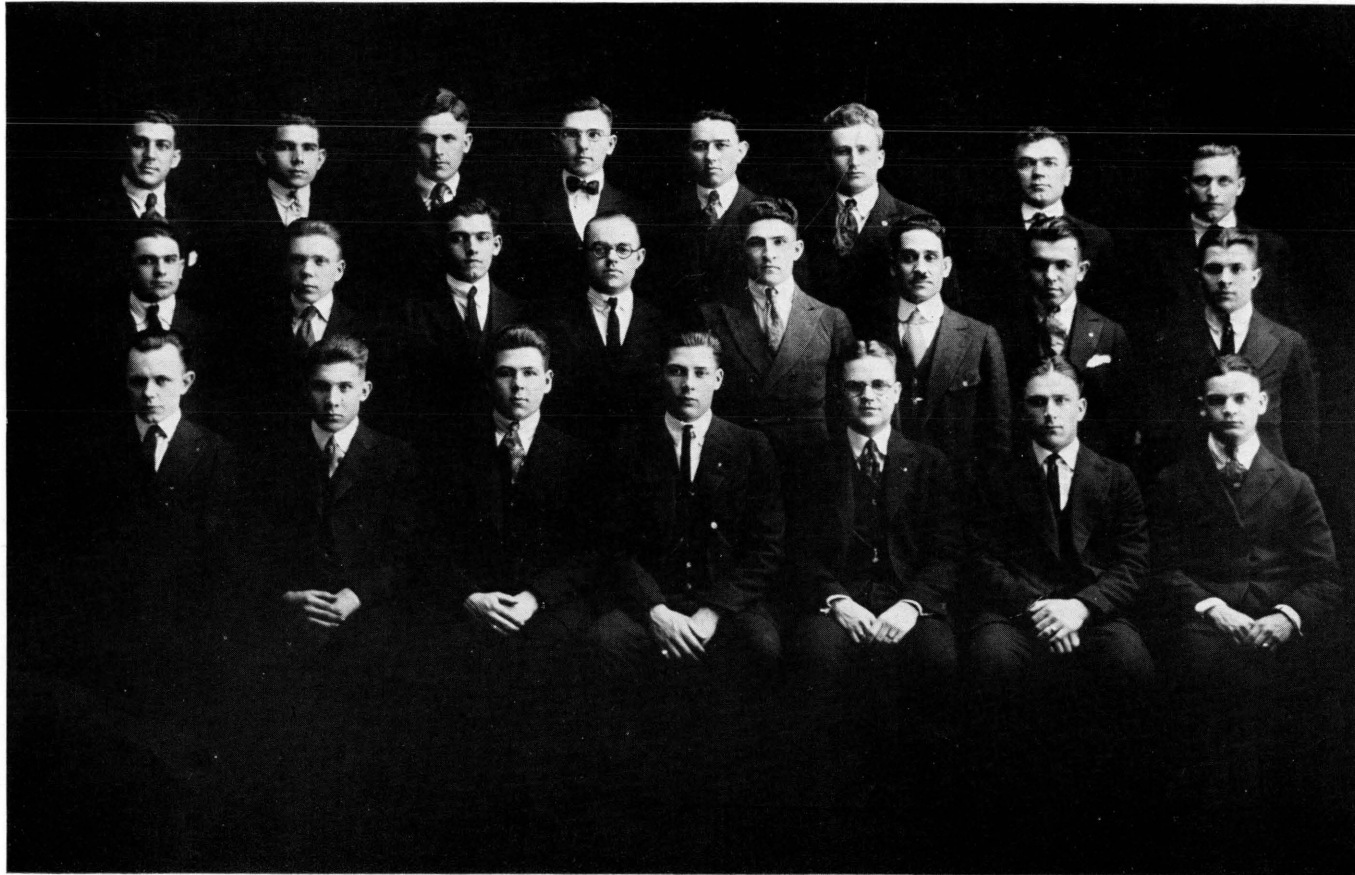

The aim of the Society has been to promote an organization for the Mechanical Engineers of tomorrow. The Society has applied to the American Society of Mechanical Engineers for a charter and has received very encouraging replies.

The A. S. M. E. has a world-wide reputation of being one of the oldest and most exclusive English Societies, and membership is so restricted that only graduates of the better class of engineering colleges are admitted. With this view the Society has had programs of a nature that will gain more recognition for Northern and the Society.

The Society is deeply indebted to its seniors for their work and will endeavor to continue the "pace" they have set for us by having a bigger and better chapter next year.

The objects of the Association shall be to raise the standards of ethics of the engineering profession and to promote the economic and social welfare of engineers.

Affording means for the interchange of information beneficial to members of the engineering profession, maintaining a service clearing house for the benefit of members, influencing proposed legislation affecting the engineering profession and taking action necessary or advisable to safeguard the profession's welfare, promulgation of the Association's ideas through proper publicity, and fostering a brotherly spirit among engineers.

American Institute of Electrical Engineers

The Local Branch of the A. I. E. E. was established Feb. 12th, 1912. Since then it has more than kept its place in membership and attendance as compared to larger schools.

All electrical engineering students who have taken some electrical subjects are eligible to membership. Throughout the year students have been given opportunities to present addresses on electrical subjects. Prof. Carpenter, Prof. Berger and several other professors honored the Local Branch with interesting talks during the past year.

The auxiliary to the Local Branch established by Prof. Turner in 1920 extends the social and educational benefits of the Institute to those students who are not eligible as student members of the national organization.

Besides the social and educational benefits of the Local Branch, student members receive monthly the "Journal of the American Institute of Electrical Engineers."

We hope that the Local Branch will continue to be of great help and inspiration to the future electrical students of O. N. U.

The Commercial Club of the Ohio Northern University was organized in 1910. There were two main purposes for its foundation. The first being social, it was intended that meetings be held regularly in order that the students in the college of Commerce might form closer relationship and associations. The second purpose was to **keep** the members informed concerning the latest thoughts and plans in business circles, by having speakers occasionally to deliver lectures before the club.

Universal Club

The Universal Club was organized during the fall of 1919 by the O. N. U. foreign students and Dr. George Anderson, Welfare Director of the University. Its purpose is both social and educational; social, by cultivating the spirit of friendship among its members; educational, by promoting weekly meetings where topics of interest are discussed by the members of the Faculty and prominent citizens of the town.

As it is, the Universal Club is one of the most active organizations in the school. It has a considerable membership and is open to all University students, regardless of nationality. There are fifteen nationalities represented in the Club.

School Days

At last, our dear old school, goodby,
For now, our course is run,
Although we leave you now, you hold,
Fond memories of work and fun.

Times of joy and times of pain,
And anxious glances cast,
The secret of us all we know,
In your old walls are fast.

And as into the world we go,
And from each other scatter,
Sometimes a thought we'll have,
Of our college times together.

The summer term opened with the Adelphian Sisters very much in the majority over the male members. The ladies showed splendid Literary Society spirit and were very active in taking part in the programs.

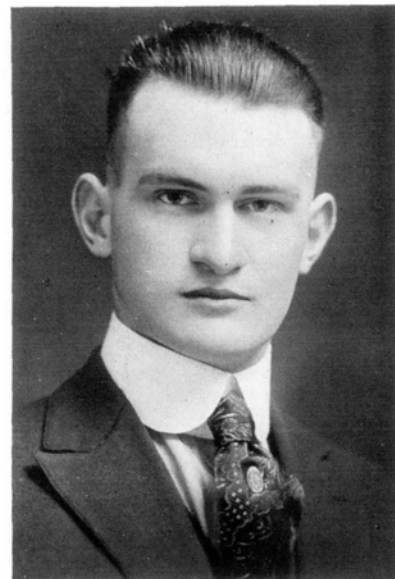

Among the special features of the summer term was a "Cosmopolitan Program." This program was given by students who came from and represented various countries throughout the world. The baseball team won the inter-society championship. Many Adelphians will remember the summer term of 1920.

The society started off with a rush at the opening of the new year of school, and all loyal Adelphians fell in line to make this term the greatest success of the year. We rejoice in the fact that our old Adelphian Frank E. Willis was elected U. S. Senator from Ohio during this term of school. The Literary Societies are on the boom at Northern, and we hope for a greater success in the future than in the past.

The Adelphian Literary Society surely held its own during the winter term. A mock trial, put on by the lawyers, a debate every Literary night except the mock trial night, and the clean sweep of the Inter-Society debate featured the Christmas term. The Society certainly speaks for itself.

Signal of the literary activities of the Spring Quarter was the increased interest in debating. Another feature was the Crile Oratorical Contest. The most important current topics, interesting items of class discussion, and momentous problems of the economic and social fields received attention in essay and debate. A renaissance along all lines of the Society Endeavor, characteristic especially of the last term, leaves the future bright for still better days in the Greater Adelphian.

Adelphian Literary Society

DR. GEORGE W. CRILE

Dr. George W. Crile of Cleveland, Ohio, graduated from the Science Department of the Ohio Northern University in 1885. The Adelphian Literary Society was in its period of growth auspiciously and well.

It was in 1912 that Dr. Crile established the Annual Oratorical contest for the purpose of enlivening interest in forensic efforts, particularly, and for stimulating literary activity in general, not only as relating to Adelphia, but as affecting the spirit of the University as a whole.

The members of the Adelphian Literary Society have responded to this worthy foundation, and their interest in the contest proves that the intent of the Founder has been realized.

Dr. Crile's public record is so well-known nationally that mention of it here is almost superfluous. As a medical man, especially in things surgical, Dr. Crile has achieved a world-wide distinction. In 1913 he was elected to fellowship in the Royal College of Surgeons of Great Britain in recognition of his discoveries of methods allaying the oftentimes fatal nervous reactions attendant upon surgical operations.

During the World War Dr. Crile was at the head of a volunteer corps of Cleveland doctors and nurses, maintaining a hospital ward in the stricken fields of France. He was further associated with the Parisian Military Hospital, "The American Ambulance."

Dr. Crile's overseas record is truly in keeping with his large-souled humanitarian ideals, and it is an honor to qualify as a contestant for a prize which bears his name.

Following is a list of the contestants:

Margaret Fairchild, E. A. Erdman, R. L. Stoudenheimer, Toni B. Haber.

The usual Philo spirit and interest was manifested during the summer term as was shown by the attendance and splendid programs. Many Philos of former days spent the summer among us and added new zest and enthusiasm to the work of the society. The Philo Baseball Team made a splendid record in the Inter-Society game which was played throughout the summer evenings.

Apparently there was no sacrifice too great for the Philos to make for their society during Fall Term of 1920. The splendid results obtained may be attributed to the aggressive spirit and whole-hearted co-operation of officers and members in general. The programs throughout the quarter were highly literary in style, instructive, and entertaining.

W. R. FIDLER

No greater interest was manifested in the Philomathean Society as a genuine literary organization, than that shown by its members throughout the winter term. Near the close of the quarter, a "Box Social" was held, which was a success both from a social and pecuniary standpoint. The final meeting of the term was characterized by an "Inter-Society Debate" in which the Philos experienced the gloom of defeat on one hand tempered with the pride of victory on the other. Expansion and greater interest in Literary work was the internal policy of the administration.

The work of the spring term was started off with plenty of pep and enthusiasm. When a motion was made at the first meeting that the hall be thoroughly cleaned and the walls redecorated. The work was completed the following week through the faithful work of the members.

Plans have been made whereby the members of each department of the school will have a certain night assigned to them, in which they will be responsible for the entire program.

The interesting programs held each week were a mark of tribute to the work of all loyal Franklins. This term we had the honor of placing five of the eight men on the Inter-Collegiate debating team. Ohio Northern Debating Teams

AFFIRMATIVE TEAM—Armstrong, McGuffey, Bauknecht, Fidler.

NEGATIVE TEAM—Osmun, McCorkhill, Hefner, Winegardner.

O. N. U. Debating Association

The O. N. U. Debating Association is a student organization, the purpose of which is to cultivate the art of debating, to create a greater interest in the science of argumentation, and to foster deeper enthusiasm and zeal for the promotion of forensic activities.

During the latter part of the "Fall Term" the following officers were elected for the school year: Mr. David Thomas, President; Mr. Reed Winegardner, Vice President; and Mr. W. Royal Fidler, Secretary and Treasurer. Mr. R. A. Hefner was later elected president, to succeed Mr. Thomas whose absence from school during the Winter Quarter prevented him from discharging the duties of that office. Regular meetings were held Monday evening of each week at which live topics of the day were discussed. Arrangements were made for an "Inter-collegiate Debate" between Otterbein College, Wittenberg College and Ohio Northern on the question, Resolved: That the executive form of a "Budget System" should be adopted by the Federal Government. — Constitutionality conceded.

The try-out was held January 31, at which time the men were selected to represent Northern in the coming contests. The results were for the affirmative team, W. Royal Fidler, Captain; John Bauchnecht, H. C. McGuffey and H. P. Armstrong, alternate, to meet the negative of Wittenberg at Ada; for the Negative team, C. G. McCorkhill, Captain; John B. Osmun, Reed Winegardner and R. A. Hefner alternate, to meet the affirmative of Otterbein at Westerville, Ohio.

March 16th was to have been the date of the contest, but conditions arose which necessitated a postponement until April the 21st. Consequently this important event is as yet one of future attraction.

While O. N. U. has risen from the ranks in the field of athletics, and won for herself a place of prominence and distinction among the other colleges of the state, there looms up the possibility of her capturing other honors which will add prestige to her name. As a member of the Ohio Debating Conference, her place in forensic activities will soon be determined. High hopes and aspirations are entertained for the success of both teams when at last they come in conflict with their respective adversaries.

Football Song

Old Northern's team is on the field
Her pride and honor to shield.
And now our spirits we will show
To help our men crash through the foe.

Let Northern's sons now arise,
And lift their voices to the skies;
And many a song and cheer we'll raise
To shout old Northern's praise.

Chorus

Stand up and cheer, boys,
A song to O. N. U.
Soon the foe we're meeting,
And staunch and firm our hearts are beating.

We'll never fear, boys,
The sons are good and true.
We'll take the fray and win the day
For dear old O. N. U.

ATHLETICS

C. W. BOLEN

Professor of Physical Education

Charles W. Bolen

In an address given in chapel sometime ago one of our most worthy Professors made the statement that a successful army not only depends upon the men as a whole but more often upon the person directly in command. So has it been with Athletics in general this year at Northern under the splendid supervision of our Athletic Director, Coach, Charles W. Bolen. Not only did Coach Bolen guide the destinies of our teams to the greatest height that Ohio Northern has ever known, thereby giving a greater and wider reputation, but he also succeeded in creating a warm spot in the heart of every man on the three teams representing as many sports. This last in all probability is the secret of much of his success, so more power to him in the years to come.

"Shifty" Bolen, as he was known at Ohio State came to Northern direct from that Institution where he created an enviable record in football, being mentioned by the great "Walter Camp" as an "All American" player. He also created quite a name for himself in basketball and baseball at the same place, which proves that Coach Bolen is not only a man of ideas but of much experience which in the long run is the greatest of teachers known.

Let us look back over the three sports this year, to the work exhibited by these teams, coached and trained by our Athletic Mentor.

In football with still a number of somewhat green men Coach Bolen took Northern from the Last Division of the Ohio Conference last year, to the Middle Division this year, and if we continue in proportion, what more could be desired.

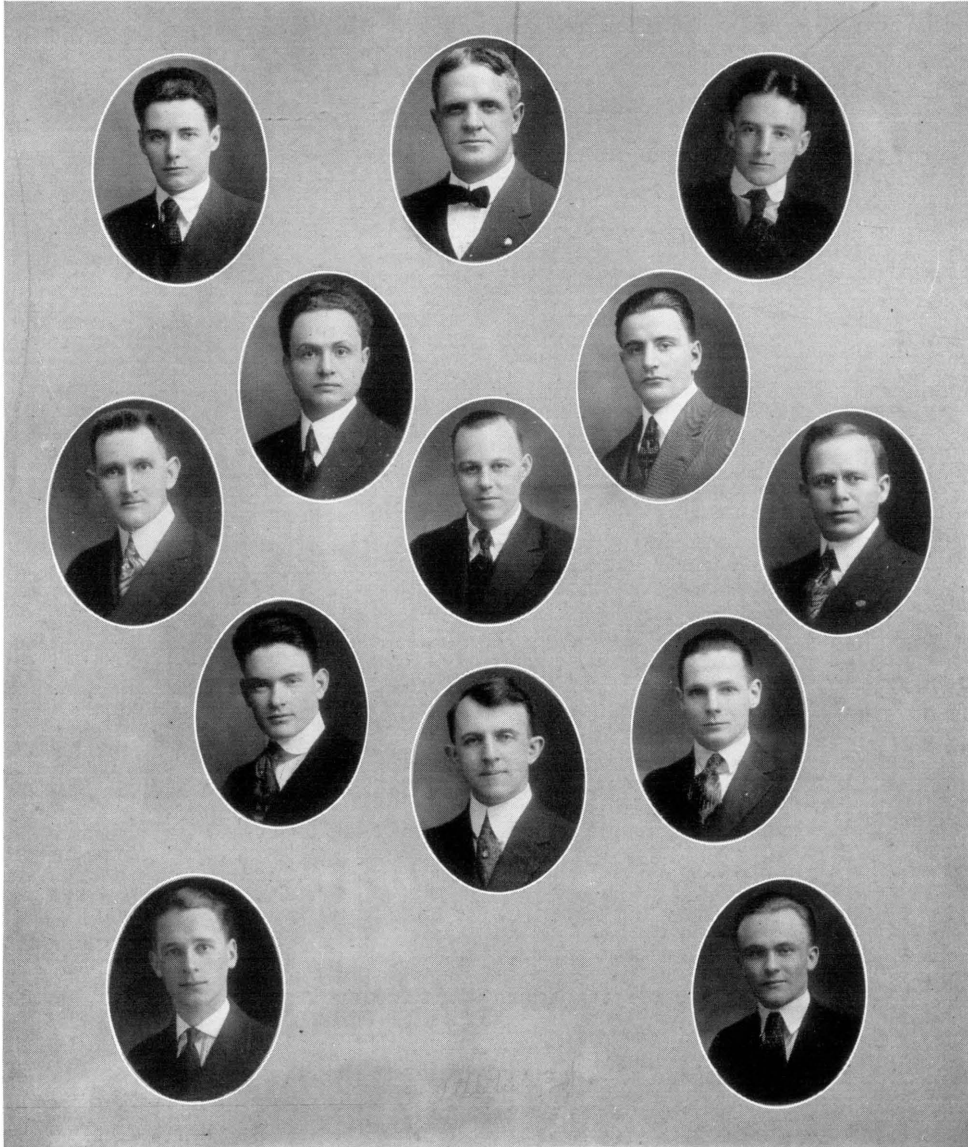

Then comes our so successful basketball team which climbed from the top of the Last Division in the Conference right into the heart of the conference leaders, causing considerable comment throughout the state.

Last of all is our baseball team which was a success last year but handicapped by such a short season. However, this year with a "Nine Game Schedule" and a team which gives every indication of being far superior to that of the previous season, we are already building air castles as to its accomplishments.

So we say, Coach Bolen, in closing; Success and much of it in the years to come, for we are among the many to recognize and appreciate the results of your accomplishments here at Northern.

PROF. LENIX CRAIG SLEESMAN

Faculty Manager Athletics

Northern is indeed very fortunate in having a man of such capacity as "Prof." Sleesman at the head of all athletics. The problems of transportation and finance are the large factors he has to deal with but he hasn't only strived to handle each job as they come but to make a "Bigger and Better Northern."

Since his successful managing of our athletics we have been admitted to the Ohio Conference, rising to the foremost place. It has been his sole endeavor to place Northern on firm footing and focus the eyes of the state this way. His reputation and respect throughout the athletic circles of the state, demand the highest respect. It is he who has the title of being the squarest man in athletics and always gets what he wants.

The lack of sufficient financial backing and facilities have caused this man many a sad moment but his ideals are gradually taking form. With the starting of an athletic drive, opening of the new athletic field and many other facilities which will give a better foundation for him to realize his ideals.

A glance at our recent Conference record will show that Northern is in earnest and with "Prof." Sleesman at the helm we can see nothing but the brightest prospects for a "Bigger and Better Northern."

W. H. PATTON

"Pat"

"Pat" Patton in the capacity of Student Manager handled the arduous duties very admirably. The tasks are more or less attending to the wants and needs of several squads of warriors. He was faithful at all occasions and much credit is due the man who will diligently fill these duties. The many details serve to make the position one of the most coveted by the student body.

"Tom" Cottrell, Manager elect, and "Deak" Rogers served as assistants to him throughout the season. Their work was much appreciated by every member of the squad because of their promptness in being on the job. "Tom" has great things in sight for the coming year with the opening of the new athletic field.

Football Review

In which is the greatest pleasure "Expectation" or "Realization"? This question is unsettled, and upon which the authorities, including Mr. Hall himself, are in conflict. But be that as it may our football season of 1920 settled one "Quere." The realization afforded much more pleasure than all the expectation or speculation combined. Everyone expected great things of our 1920 squad and only an avowed pessimist would say the team did not measure up to standard in every respect. They lost some games, it is true, but they in no instance failed to make a showing creditable to themselves and our University. They scored at least one touchdown in every game of the season against teams, some of which were touted as invincible. They scored a total of 101 points to their opponents 95 and had the reputation throughout the state of being true sportsmen and gentlemen. Space will not allow a full and complete review of the season, but it is sufficient to say that the fighting spirit, loyalty, and self-sacrifice displayed on the field by the squad of 1920 should be ever held before future teams and still better every organization connected with our Alma Mater, as a guiding star to the real college spirit and public service in general.

What they have done speaks for itself and as the great Emancipator said "we can not dedicate, we can not consecrate."

RESULTS

The first games of the season with St. Mary's College of Dayton was played "at home." The team was untrained and hardly organized, many were injured seriously and none were in condition to play. The result bears out and proves the above: St. Mary's 13, Xorthern 7.

The team next attacked our sister college Wesleyan at Delaware. The thermometer indicated ideal baseball weather but the game was hard and fierce nevertheless. Wesleyan had just reason to celebrate when the game ended with Wesleyan on the long end of a 13 to 6 score.

Otterbein next visited Ada, and drew first blood by scoring a beautiful drop-back. Northern quickly rallied and the second team finished what at first promised to be a real game. Score—Xorthern 26, Otterbein 3.

Northern's trip to Heidelberg was a nightmare and the team failed to recover until badly beaten. Score Heidelberg 34, Xorthern 7.

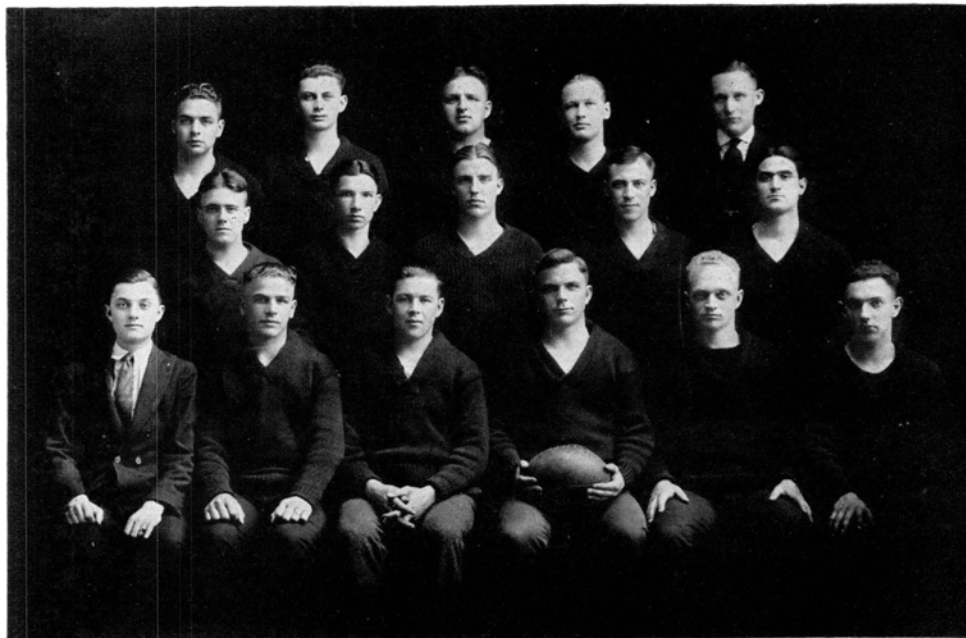

Kenyon was next defeated, the game being played at Lima on a soggy field. Kenyon made but one first down. Northern 14, Kenyon 0.

The invincible Wittenberg team at Springfield were extended to their utmost and won after a hard long fight. Wittenberg 19, Northern 7.

The final game with Hiram played at home was played after the athletic field was dug loose from its blanket of snow and ice. Mud was plentiful as well as excitement and noise. Hiram lost and at no time appeared dangerous. Northern 34, Hiram 13.

The Freshman football squad this past year deserve a great deal of credit. The squad was composed of a husky, hard fighting, bunch of lads, that at all times put up a stiff opposition for the varsity to work out their new plays and to form a defense against the attack of their opponents.

Not too much can be said in favor of these men. They played a great part in making the Varsity a success this year and developed material that is sure to make a winning team for Northern for several seasons to come.

Robert C. Greer, of Philadelphia one of the most promising athletes in the school was elected Captain.

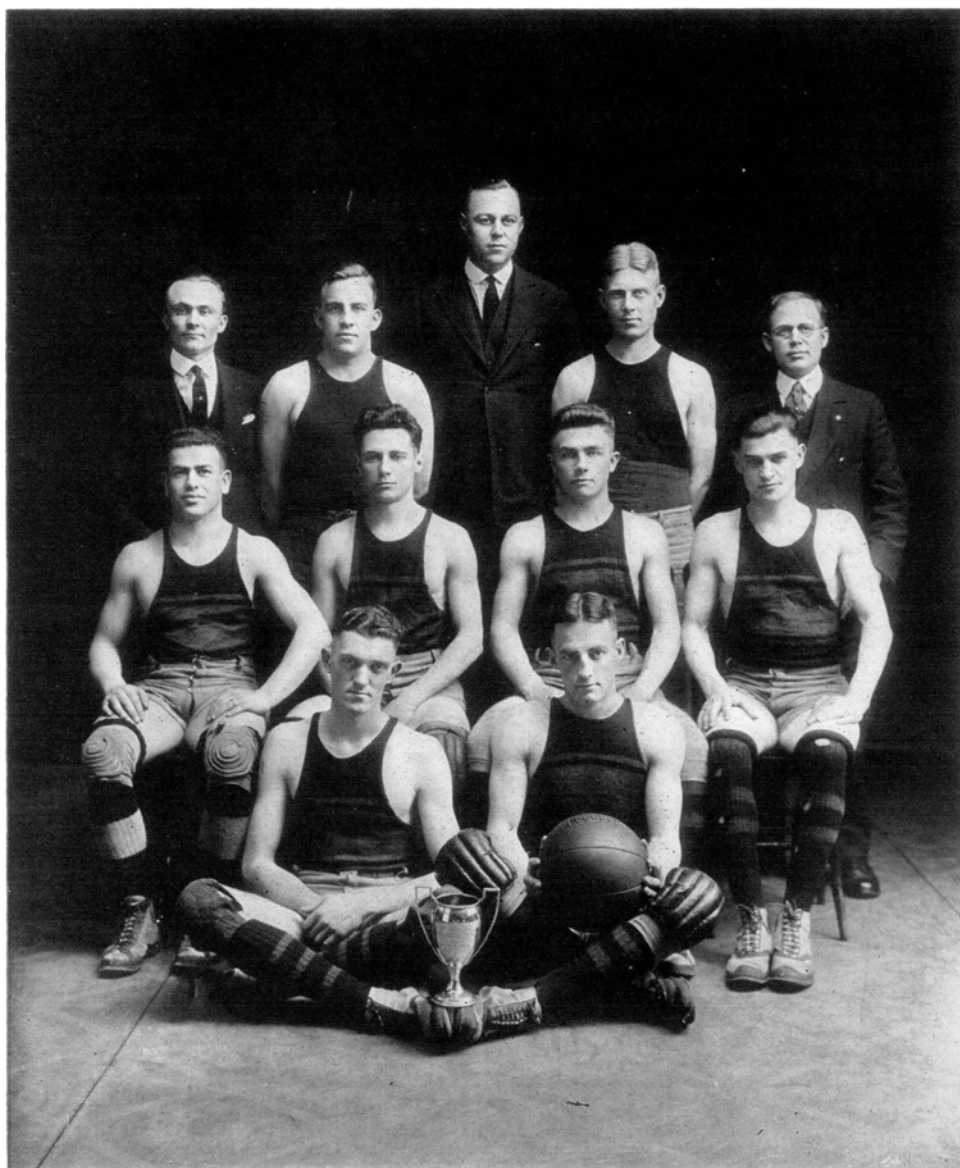

The Freshman squad was coached by Art Pealer former Varsity man of '18.

Basketball

"RED" MONEY

"Red", although a sub, proved to be one of the most valuable men on the team. Placed at forward or at center, he could invariably score when needed, and as a substitute for back guard, was a world beater. Such a man is a find and worthy of much attention. He was chosen all-tournament center at Cincinnati and will undoubtedly be a headliner next year.

"LEE" HENNING, Manager

Lee was a hard and willing worker, being backed by every man on the team because of his willingness to satisfy their somewhat "fiendish" desires. He was a very able manager and to him goes considerable credit for such a fit team.

"BILL" KAIR, Captain

"Bill" proved his choice as captain of this year's team by playing a game far superior to that of previous years, being able to hit the net from the most difficult angles. As captain and center, he was a most worthy asset, and his loss will be keenly felt.

"PETE" BERTA

Captain-elect Berta got away to a poor start at forward but soon opened up and was unsurpassable to say the least. He was our one best bet in foul shooting, turning more than one defeat into a victory by his work from the mark. "Biff" was a popular choice for next year's leader and is expected to step far above his previous accomplishments.

"BUCK" SIEGEL

"Buck" was a stalwart on the defense, fearing none and willing for all. He broke up many an opposing play and was instrumental in the execution of those of his own team. "Buck" was a fighter from the word to being an all-state choice at guard.

"NARDI" MILLER

"Nardi" at running guard, played a stellar game all throughout the season, being one of the most capable and dependable players Northern has put on a floor. He is one of the best running guards in the state and will be an applicant for a berth in the All-Conference teams for the coming year.

"LOUIE" VINOCUR

"Louie" at forward proved to be one of our most dependable players, clever, and ever alert, being able to score when all others failed. His shooting and one hand stabs were a treat to behold. When his fighting blood was aroused, none could stop him. He will be one of our topnotchers next year.

Basketball Review

Undoubtedly one of the biggest, and best basketball seasons ever experienced at Ohio Northern was that of this past season. Yes, it is one long to be remembered; one that brought to the school and its loyal backers a realization of something bigger and better in the Athletic world for our Alma Mater. Above all, this our basketball team, established a reputation and made itself known in many channels not reached by other sources.

When the first call came for basketball candidates, a well-balanced squad responded which aided Coach Rolan materially in the building up of a team of merit.

Northern opened up her pre-season with Bill Kair at the helm, to a bad start, loosing to an old rival, Bluffton. With the sting of this defeat in their hearts, Northern fairly tore into the Baldwin-Wallace team to the tune of a 42-24 score. Then came a two-day trip south, the University of Dayton being our first victims, but only after a tough fight, 21-20. On the return home, then defeating the Celina City team, 27-17.

Immediately following the Christmas vacation, Northern started in a regular man-sized basketball season. Playing De Graffe there and without one regular player, winning 29-14. The next night, taking on a team of much repute in the west, the Denver A. C., defeating them by a close margin, 30-29. Following this came a return of Bluffton in which they were sent home somewhat humbled at the rate of 30-20.

We then easily defeated Otterbein here and journeyed to Heidelberg; starting off to a rush, but being checked in the last half and just winning, 33 to 32. The following week, Northern badly swamped Kenyon, 51 to 9 and defeated the reputable N. Y. Nationals in a well played game, 37 to 29. Then came the first set back to our ambitions. We were defeated by Wittenberg there, after they refused to play us in Ada, by a 16 to 23 score. On the same trip our band of ball tossers nosed out the Capital of Columbus in overtime play, 33 to 31.

A week later Hiram College came here as our victims to the extent of 45 to 11. Then came our three game trip. Northern again defeating Celina, 36 to 23; the next night playing the noteworthy Lima Legion team and winning very easily, 38 to 13. Last on this trip was the well known Toledo University five and much to our surprise, Northern won hands down, 56 to 15. Following a few days' rest, the team journeyed to Kenyon, again defeating that team by a 42 to 14 score. On the next night came the biggest surprise and a serious set-back, when Otterbein won from us there with a reconstructed team by one point, 22 to 23. In what turned out to be an easy victory, Northern won over the Lafayette team, 65 to 15 and two days later, journeyed to Cleveland and defeated one of the best teams there, the Rosenbaums by a 48 to 31 score.

With a week's rest, Northern basketball team went to Cincinnati and took part in the championship tournament of the Alleghany Mountain Division of the A. A. U.

The first game we drew the Covington "Y" team, considered as the dark horse, for our opponents and Northern won, 42 to 37. For our next game we drew the Dennison College team and in a miserably played game, Northern lost 33 to 16. The same night, however, we defeated the Heinz team of Pittsburgh, 39 to 30, succeeding in landing the third place cup, Dennison getting first and the Cincinnati Gym second. So ended what we consider a successful basketball season, withal, Northern winning 20 games and losing 5, making a total of 25 games played. We look forward to next year with great hopes in our hearts for with an abundance of material from this year's Freshman Squad and four of the regulars back, cannot big things be expected?

Freshmen Basketball Squad

W. H. Schaum, Manager, H. C. Bow, Coach.
F. J. Adler, C. M. Patton, G. Brookhart.
C. Blank, E. R. Pickering, R. C. Greer, Jr., R. A. Fisher, Captain.
W. Porter, J. Levit, H. Brookhart.

Much credit is due the Freshman basketball squad this year. This organization has been one of the best ever in the annals of the school.

Playing on the Freshman squad is merely a matter of hard work. Every time that the Varsity practiced during the past season they found the husky bunch of Freshmen there to meet them with the very best of opposition. This opposition was one of the great factors in making the Varsity a success.

No one man on the squad deserves more credit than another, while of course several outstand in ability. All had their share in making up a hard playing, well conditioned team.

Robert Fisher, of Canton, Ohio, captained the team.

The season of 1921, at the time of writing, is still in the embryo and predictions are naturally precautions. Even the squad has not been picked and all hands are fighting for existence and a place on the team. Thirty-five men reported for the first practice and none have as yet landed a berth and resting secure. With such a wealth of material and with the men trying for so many positions, the Coach should find it easy to pick a winning aggregation and the writer in particular and the team in general, have no doubt that Coach Bolen can and will place men according to their respective abilities.

Five Varsity men in baseball form the nucleus of this year's team and naturally the students will expect the veterans to instill the needed pep and ginger, and bring home the bacon. It is impossible to give a definite and positive line-up, yet from personal observation, the following men seem assured of at least a place on the squad: Miller, Captain; Rerta, p.; Dague, c.; Weiseman, cf.; Groves, 1st b.;—all old men, but youth is no respecter of age, and all the old men must step lively or else move aside to make room for more aggressive men. Men from last year's Freshman team who show exceptionally well at present and who will undoubtedly add greatly to Northern's pennant winning chances, are: Cook, Sawyer, Hauenstein, Hill, Monohan, Lewis, Greer and Prudent. Optimism is prevalent through the Northern Camp and barring accidents, O. N. U. should cover itself with honor on the diamond as it did on the gridiron and basketball court.

In order to provide for more universal participation in athletics on the part of the students attending Ohio Northern, an Inter-Mural Basketball League was started in 1920. It met with such success and the idea was so cordially received on the part of the students themselves, that the Intra-Mural Leagues were at once made permanent in Ohio Northern University athletic activities.

The Basketball Championship for the season of 1921 was won by the Sigma Pi Fraternity team coached by Carl Holman, "N" letter man of '17 and '18. Team play and a rapid fire offense characterized all their games and made possible the wonderful success against their opponents.

ORIGIN ENGINEER-PHARMIC DAY

"All work and no play makes Jack a dull boy," is true of all ages and orders of society. School boys whether studying the three "r's" or Virgil, must have their periods of fun and frolic, be it boisterous or otherwise. College students have earned a reputation for original and sensational stunts the world over. Many such occasions have fostered pleasant memories and undying friendship throughout the lives of those in contact with the particular occasion.

'Tis true some such occasions have been a disgrace to the good name of the institution as well as the individuals involved.

Many school traditions are born of such occasions and developed by a steady process of constructive evolution.

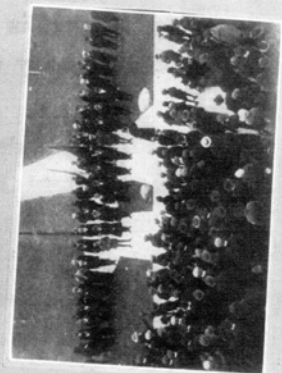

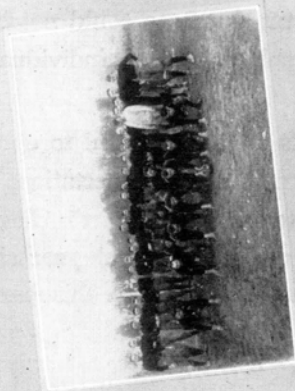

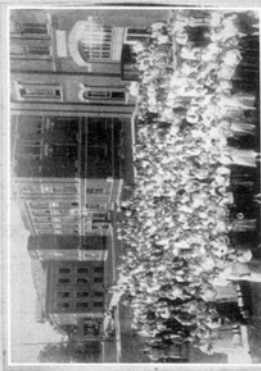

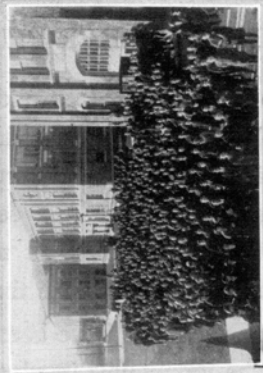

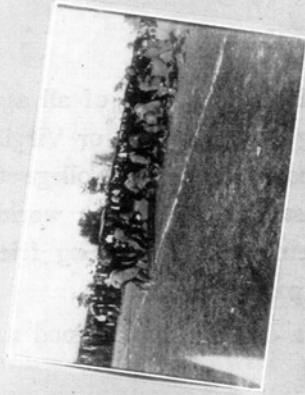

One of such is the Annual Engineer-Pharmic Hatchet Burial Anniversary which takes place during the latter part of the Fall Quarter. Its history is unique and interesting.

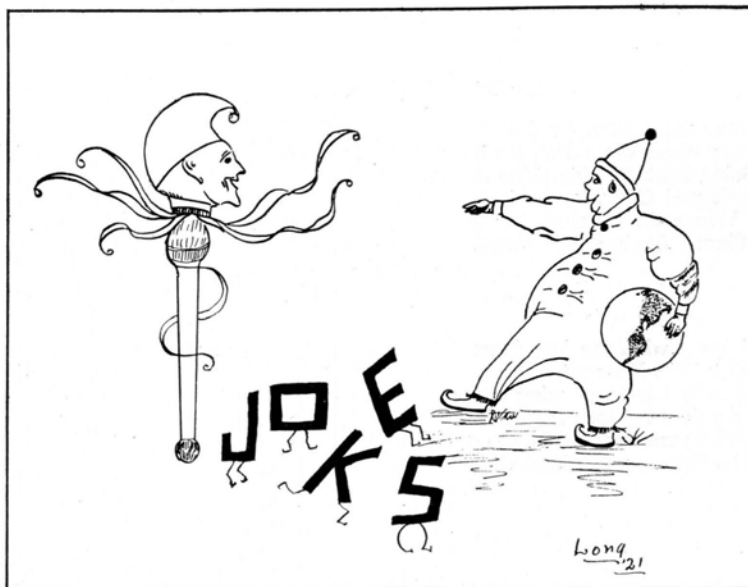

The different departments of a school, like those of any other organization, have their cycles of enlarged or modified numbers depending on many factors. Once large in number and later modified in numbers is no criterion, however, of the worth of the department or the success of its attainments. One of the largest departments for many years was the College of Pharmacy. At that time one of the smallest was the College of Engineers. When the two departments began to be more nearly equal in numbers it became apparent that both could not be "it." This resulted in many real rough and tumble combats both as individuals and groups.

In 1910 the leaders of the two departments were persuaded to enter into a conference to "bury the hatchet." The result exceeded the expectations of the promoters and under the leadership of the historic "green shirt" Cloyd, the hatchet was buried with pompous and impressive ceremony. Each year since an anniversary service covering a night and day, is given over to this particular function.

Junior-Senior Day

A Joke

Ages ago, one morning, when earth was in its youth,
Uk the cave man was reading, reading a walrus tooth.
Reading the signs and symbols, arrows and wreaths of smoke,
He came to a column bearing the heeroglyphs for 'joke.'
For ever since the world began
Has humor been the life of man.

"Listen to this grandfather," with mirth Uk's countenance shone,
As the old man looked up from gnawing an ichthyosuns lone.
The youth was convulsed with laughter, as he read aloud to the sage.
Then "Is not this type of humor lifting our mental stage?"

But the old man said as he heaved a sigh,
"How did that ancient joke get by?"
Menes, the monarch was weary and laid down to rest,
Called for the scribe of his father, bade him bring forth a jest.
Alexander was troubled during the wars in the east
And asked for the mirth of his jester, as he sat one night at a feast.

But soth of the king's said with scornful eye,
"How did that ancient joke get by?"

Onward it went with the Romans the Teutons related the same.
Down through the Christian era slowly, but surely it came.
Now, once again it is living, revived from a petrified wreck;
We saw it last month in a column contained in the Northern.
Down through the ages comes the cry,
"How did that ancient joke get by?"

"(I'm Going Back to Moonshine Ann Because I Love Her Still."
"A Bow-legged Girl May Be in Good Health, but She's in Poor Shape."
"Down Where the Crooked Pretzles Grow."
"More Sinned Against than Usual."

Opportunity

We all know what the late Senator John J. Ingalls had to say about this here in another version by "One Who Knows."

Opportunity knocks at wing man's dure wanst. On some men's dures it hammers till it heaks down the dure an' then it goes in an' wakes him up, if his asleep, an' afterwards it warks for him as a night watchman. On the other men's duns some other men it knocks and when they come out it hits them over the head with an axe. Rut wing man has a opporchunity.

Heard at T. N. E. House

"Are you prepared to eat some Sausage?"
"Yes, I'm ready for the 'Wurst."

Prof. Huber: "Name three articles containing starch."
Ickey": "Two cuffs and a collar."

Bright Junior (at hotel for dinner): "Give me a bowl of fly specks."
Waitress: "We don't have anything like that."
Junior: "Why do you have them on the menu then?"

"Blushes may come and blushes may go but freckles go on forever."

Thompson buying an Annual. Thelma Storer is standing near. When asked if he wanted two Annuals, he replied that they would get along with one this year.

Ancient and Modern Philosophy

An optimist is one who can make lemonade out of the lemons that are handed to him.
Of the unspoken Word you are master, the spoken Word is master of you.
The difference between a wise man and a fool is, the fool's mistakes never teach him anything.
Don't forget that when they kick you going up it doesn't hurt nearly as much as when they kick you going down—keep climbing.

"Oh, Dutch, your hair looks so wavy."
"Dutch": "(Hope it doesn't make you sea sick."

Mary had an auto car
It ran by gasoline.
She lit a match to find the tank
And hasn't since Benzine.

The porcupine may have his quills,
The elephant his trunk,
But when it comes to common scents,
My money's on the skunk.

Snake Bile — Delirium Tremens.

Father (unexpectedly arriving at son's rooming house at school) : "Does Mr. Jinx live here?"
Landlady (wearily) : "Yes, bring him in."

Every woman has picked up an ideal whom she will marry. Most of them have sense enough to pick out half a dozen substitutes as well.

There are two kinds of girls: those that kiss and those that are never asked.

Lady's-Ready-to-wear-clothing. It's about time.

Lola's Clocks

Lola, blushing like a rose,
Draped her legs in silk checked hose
And boldly tripped it through the town
'Til one of Lola's clocks ran down.

She stooped and rearranged the gear
While eager eyes began to peer
And chappies came in curious flocks
To watch the hands of Lola's clocks.

They were alarm clocks I surmise
The way men woke and rubbed their eyes.
They thought (and thinking is no crime)
The girls was showing them a time.

So at the call the crowd came hiking
For Lola's clocks were surely striking.
A wise man said, The danger lurks
Not in the clocks but in the works.

No cuckoo clock is this, they cried
Just lamp that real live squab inside.
When Lola strolled some hundred blocks
It marked the wind-up of those clocks.
Alas, no eight day clocks were these
That one day squelched them if you please.

I assure you that it has been awful how Chick Loehr and Hal Balyeat have been ostracized from the society life of the institution.

Beauty Hints for Girls Taking Chemistry

Equal parts of H_2SO_4 and HNO_3 remove superfluous hair from the face.
One quart of KNC mixed with seven drops of H_2O makes an excellent drink. It is refreshing and beautifying.
 HS mixed with (NH_4) makes an excellent perfume.

Philosophy

Man is a mortal,
Fate is a riddle,
Marriage a hurdle,
And life a muddle.

Fame is the myrtle,
And joy is a chortle,
Life is a riddle
And Man is a mortal.

All Thought is a straddle,
The Truth is a riddle,
Our Death is a muddle,
And Hades a griddle.

Since Man is a mortal,
Let's chuckle and chortle,
Since Fate is a riddle,
Sing hey, diddle, diddle,
Since Thought is a straddle,
It's all fiddle fiddle.

THE 1921 NORTHERN

Today a man can tell you the color of a girls stockings, before he can tell you the color of her eyes.

Don: That woman will make a great painter some day.

Lon: How can you tell?

Don: I can see it in her face.

Solomon lived happily with 700 wives—yet there was no Blue Laws in those days to keep him home with them all day Sunday, no Volstead Act to make him grouchy and dry at dinner and no mother-in-laws to drop in and spoil his week-ends.

Helen M.: I don't believe in long engagements, do you?

P. Kuhns: Sure, why not be happy as long as we can?

Student: Say Prof. can a fellow be punished for something he didn't do?

Professor: No.

Student: Well, I did not study my lesson.

Her own: What's your dog's name?

His own: Ginger.

Her own: Does he bite?

His own: No Ginger snaps.

A young lady of Wilmington, Delaware
Of the high cost of living was Welaware.
Said she, "I suppose

There was a young lady named Esther
Loved a tailor who never caressed her
So her plight was most dire
'Til she slipped in the mire
Her tailor then cleaned her and pressed her.—Cal. Pelican.

Customer: I would like to see some cheap skates.

Saleslady: Just a minute, I'll call the boss.—Carnegie Puppet.

"Eddy" Clark (to a fair co-ed): "There's been something trembling on my lips for months."

Co-ed: "Yes, so I see, why don't you shave it off?"

Prof. Beckwith (explaining a math problem): "Now you watch this board closely and I'll run through it."

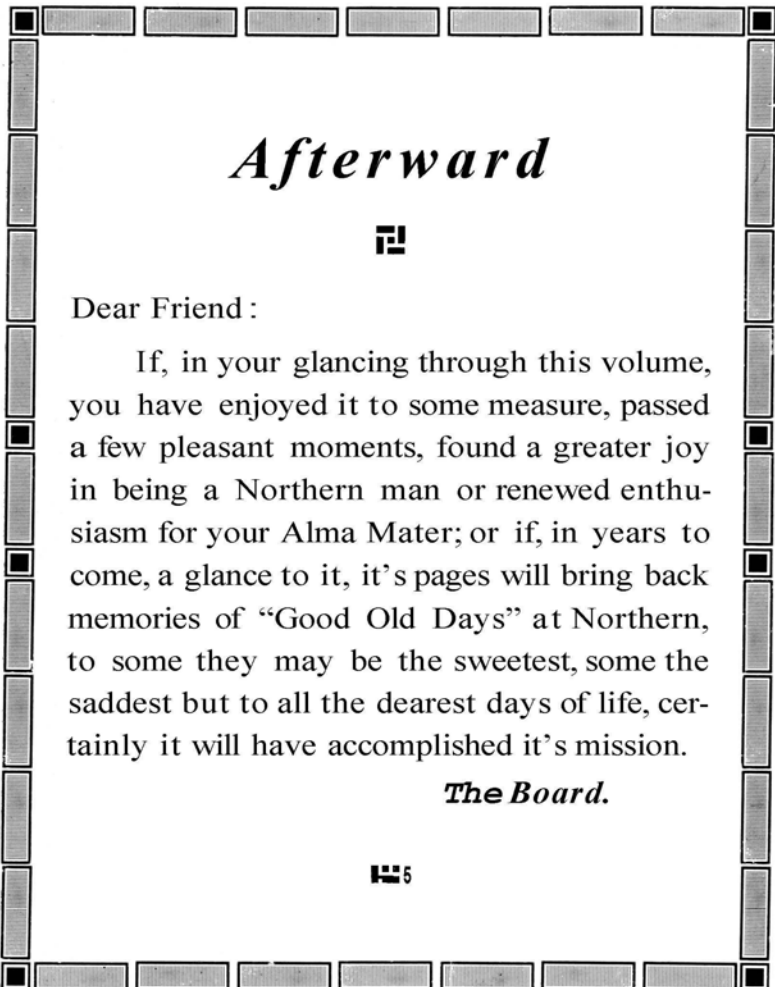

Jimmy C.: "When I asked Madeline if she would be mine, she fell on my breast and sobbed like a child. But finally she put her arms around my neck and—."

Bill P.: "Oh, yes I know all about that I rehearsed it with her."

This book, it ain't no mirror.
For the things we've said and did.
So donsher never mind it,
If we guy a bit and kid.
Just read the other histories.
And jokes and things and roar,
For he who laughs best,
Laughs when he would be sore.

Monahan: "Have you ever seen me with more than I could carry?"

Bill Shea: No but I have when you should have made two trips for your load.

Afterward

Dear Friend :

If, in your glancing through this volume, you have enjoyed it to some measure, passed a few pleasant moments, found a greater joy in being a Northern man or renewed enthusiasm for your Alma Mater; or if, in years to come, a glance to it, it's pages will bring back memories of "Good Old Days" at Northern, to some they may be the sweetest, some the saddest but to all the dearest days of life, certainly it will have accomplished it's mission.

The Board.

Good Food Is Necessary

The day is gone in this university and community when students and local citizens are satisfied with just ordinary food. They want food prepared by experts in sanitary kitchens equipped with the latest equipment using only the most efficient methods. Then they want real service, and they want food at a reasonable price.

The University Cafeteria is the largest cafeteria of its kind in the State of Ohio, with a seating capacity of 500 with the very latest in the way of equipment, service and sanitation and at reasonable prices.
